TWELVE AREAS OF LIFE
HOUSES OF THE HOROSCOPE

*"This being human is a guest house.
Every morning is a new arrival. A joy,
a depression, a meanness, some
momentary awareness comes as an
unexpected visitor...Welcome and
entertain them all."*

Rumi

Astro Oracle
HOROSCOPE HOUSES
1ST HOUSE

It is time to move forward. Be clear about what you want and how you are going to get it.

Do not fear rejection. You are the driving force within this situation, even if you have to assume an attitude of acceptance or compromise.

Do not act out of impatience or frustration.

Focus your energy on achieving your goals.

Astro Oracle
HOROSCOPE HOUSES
2ND HOUSE

It is time to recognise what really matters to you. What do you prize and appreciate most in life?

What do you regard as worthy of your time, effort and attention?

How easy is it for you to relax and enjoy the simple pleasures of your existence?

What is it that makes you feel comfortable, contented and fulfilled?

Astro Oracle
HOROSCOPE HOUSES
3RD HOUSE

It is time to be out and about, creating connections and exchanging information, goods and services.

Light-hearted socialising, chatting at the school gates and various kinds of community get-togethers could be where you meet and make key contacts.

Fresh news could cause you to question your understanding or interpretation of a situation.

Astro Oracle
HOROSCOPE HOUSES
4TH HOUSE

It is time to confirm you are living in the kind of circumstances that suit you best and which make you feel secure, comfortable and contented.

Apart from providing a safe haven, this type of lifestyle should also offer outlets for your creative urges.

These could come in the form of hobbies or some sort of unforced activity which delivers a strong sense of personal satisfaction.

Astro Oracle
HOROSCOPE HOUSES
5TH HOUSE

It is time to take a leading role, stand in the spotlight and shine your light.

You deserve the attention and you are worthy of the admiration that is awaiting you.

You do not need to put on an act or fake it till you make it.

Just be genuine. Offer the authentic version of your own true Self.

Astro Oracle
HOROSCOPE HOUSES
6TH HOUSE

It is time to tighten and lighten your to do list so that your energy is employed more efficiently.

It could be that you are working so hard to deliver an impeccable level of service that you have forgotten to worry about your own welfare.

You cannot take care of other peoples' problems if you are making yourself anxious and ill in the process.

Astro Oracle
HOROSCOPE HOUSES
7TH HOUSE

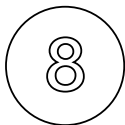

It is time to make sure that you are getting (and giving) a fair share in your dealings with others.

There should be a fifty-fifty balance within your relationships to ensure that everyone gives and receives in equal measure.

If you are taking advice on your situation listen carefully, but remember that the final decision is yours to make.

Astro Oracle
HOROSCOPE HOUSES
8TH HOUSE

It is time to tune into guidance from your instincts and intuition.

Do not disregard strong feelings, especially if they seem to be sending some sort of insight or warning. If you have a definite premonition about a situation it would be wise to investigate further.

The information could be important and you might regret not paying attention to it.

Astro Oracle
HOROSCOPE HOUSES
9TH HOUSE

It is time to expand your current levels of knowledge and experience, so get ready to travel into the Unknown!

You are releasing yourself from a situation which was starting to restrict you and you are setting off in search of something new.

Make sure you complete a comprehensive risk assessment before you pack, taking only what you need for the journey.

Astro Oracle
HOROSCOPE HOUSES
10TH HOUSE

It is time to celebrate your ambition, competence and professionalism.

Your industry, expertise and commitment earn respect within your field.

Your ability to persevere in spite of difficulties and delays will reap tangible results.

Your disciplined, structured and patient approach supports the manifestation of your goals. Try not to let negative judgements hold you back.

Astro Oracle
HOROSCOPE HOUSES
11TH HOUSE

It is time to think about the future and how you would like it to look.

If you have concerns about what is happening right now, you might be able to contribute ideas for constructive change.

You do not need to go it alone. Your individual impact is enhanced by the support of kindred spirits who share your hopes and wishes for the times to come.

Astro Oracle
HOROSCOPE HOUSES
12TH HOUSE

It is time to put your personal protection in place.

You may be a deeply compassionate soul who yearns to bathe the world in an endless flow of unconditional love but your physical self has limits and they need to be respected.

Make sure you are shielding yourself sufficiently from subtle yet potent powers that drain your energy and vampire your life force.

ELEMENTS & QUALITIES

"Don't dismiss the elements. Water soothes and heals. Air refreshes and revives. Earth grounds and holds. Fire is a burning reminder of our own will and creative power. Swallow their spells. There's a certain sweet comfort in knowing that you belong to them all."

Victoria Erickson

Astro Oracle
Element of FIRE

Zodiac Signs
ARIES, LEO & SAGITTARIUS

Fire helps you to be energetic, enthusiastic, assertive and adventurous. It fuels and supports your ability to express your individuality and independence.

Fire boosts your levels of vitality and self-confidence. It provides courage, motivation, incentive and drive.

Fire energy can be careless, immature, selfish, and demanding. Fiery planets can cause behaviour that is impatient, aggressive, restless and reckless.

Without Fire you could find it difficult to prioritise your own goals, to act independently or to take the initiative. You may struggle to promote yourself, to be spontaneous or to do things on the spur of the moment.

Astro Oracle
Element of EARTH

Zodiac Signs
TAURUS, VIRGO & CAPRICORN

The element of Earth helps you to deal with real life situations. It fuels your ability to function in practical ways. It boosts your levels of pragmatism, stability and common sense.

Earth enables you to relax and enjoy life's physical pleasures.

Earth energy can be dull, dutiful, cautious and conventional. It can get bogged down in material matters and preoccupied with social status.

Without Earth you could find it difficult to recognise, appreciate and value your own abilities. You may struggle to cope with worldly matters or to organise your life generally. It might be hard for you to stick to schedules and follow timelines.

Astro Oracle
Element of AIR

Zodiac Signs
GEMINI, LIBRA & AQUARIUS

Air helps you to process, interpret and communicate information. It fuels your ability to speak, write and learn. It offers clarity and perspective.

Air is important for getting ideas across to others and for understanding what they have to say.

Air energy can be robotic, analytical, cold and detached. It tends to depend on factual data and ignore emotional, instinctive or imaginative input.

Without Air, you could find it difficult to trust your intellectual ability. You may struggle with linear learning methods and feel inadequate in the company of people you perceive to be more academic or better educated than you.

Astro Oracle
Element of WATER

Zodiac Signs
CANCER, SCORPIO & PISCES

Water helps you to be imaginative, intuitive and inspirational. It fuels your ability to accept guidance from your gut instincts and enables you to express empathy for others.

Water gives access to psychic powers that transcend the boundaries of time and space.

Water energy can cause over-sensitive reactions, turbulent feelings, uncontrollable mood swings and irrational, unreliable behaviour.

Without Water, you could find it difficult to deal with strong feelings, which can overwhelm and confuse you. You may be reluctant to trust the wisdom that flows to you from your dreams and visions, instincts and intuition.

Astro Oracle
CARDINAL Quality

Zodiac Signs
ARIES, CANCER, LIBRA & CAPRICORN

Cardinal energy helps you to stay active and goal-oriented and keeps you focussed, motivated and keen to win. It fuels and supports your ability to identify targets and create strategies for successful outcomes.

Cardinal quality can create impatience and irritation when things are not going according to plan and results do not arrive quickly enough. Situations become fraught with frustration.

Without Cardinality you could find it difficult to set aims and objectives. You may find the process of motivating yourself, getting started on projects or taking steps to achieve your ambitions very stressful, especially if you are in a competitive situation.

Astro Oracle
FIXED Quality

Zodiac Signs
TAURUS, LEO, SCORPIO & AQUARIUS

Fixed energy helps you in situations which demand patience, persistence, tenacity, trust and devotion. It fuels and supports your ability to stick at something until it reaches completion.

Fixed energy can assume an obsessive, controlling, inflexible and intolerant attitude which creates unwanted drama and unnecessary delay. Stubborn resistance to change causes stagnation and stalemates that seem impossible to shift.

Without Fixity you could find it difficult to plan for the longer term, or to stay committed to your causes. You may struggle in situations that call for a slower pace or which demand intense involvement and undivided attention.

Astro Oracle
MUTABLE Quality

Zodiac Signs GEMINI, VIRGO,
SAGITTARIUS & PISCES

Mutable energy helps you to move with changing circumstances and keep all your options open. It fuels and supports your ability to multi-task and to vary your way of working.

Mutable energy causes a tendency to lose focus, to get distracted, to fritter energy, or to spread resources too thinly. Situations are defined entirely by temporary measures and shifting objectives.

Without Mutability you could find it difficult to adapt. You may struggle to accept adjustments to existing plans or to diversify from your current situation, lifestyle or methods. Your lack of flexibility might lead to you missing out on positive potentials.

ASPECTS
(Planetary patterns)

"I do believe in fate ... not the blind fate that gives one no freedom of choice, but a fate that sets down a pattern for each of our lives and gives us choices, numerous choices, by which to find that pattern and be happy."

Mary Balogh

Astro Oracle
ASPECTS
THE GRAND CROSS

This very dynamic energy pattern can create pressure, drama and drive and a sense of being over-stretched by the demands life makes on you. There could be a feeling that you are forced to pass tests, confront challenges and overcome obstacles.

Competing goals clamour for your time, energy and attention. It seems practically impossible to fulfil all of them without exhausting yourself in the process.

But even though a Grand Cross will definitely put you through your paces, it also offers the opportunity to develop determination, willpower, resourcefulness and resilience.

Warning: being pushed to the limits of endurance is an adrenaline fuelled experience with a compulsive quality which can become addictive. Life can begin to feel boring and dull without it.

Astro Oracle
ASPECTS
THE GRAND TRINE

This unforced, flowing pattern creates an environment where things happen naturally. It offers outlets for in-born talents and abilities that are recognised, appreciated and easily expressed. It provides a feeling of fulfilment, harmony, equilibrium and enjoyment.

There is a general sense of compatibility and of being in the right place at the right time doing the right thing. Opportunities abound and there are plenty of reasons to give gratitude for gifts received.

Warning: this pattern can give the impression that because everything comes so effortlessly there is no point in pushing or striving for results. It can also indicate a reluctance to climb out of cosy comfort zones.

Astro Oracle
ASPECTS
THE YOD

This stressful pattern can create a strong sense of discord. There is an awkwardness caused by the mismatch between unsympathetic energies. It generates the feeling that situations and circumstances are impossible to resolve due to issues of incompatibility or irreconcilable difference.

This aspect brings opportunities to accept that some things, by their very nature, cannot be sorted out. It is more about learning to live with their uneasy presence.

Warning: this pattern can create the impression that life is a constant struggle to make things work. It is important to realise that this will not be the case if you focus more on what flows smoothly for you, rather than what does not.

Astro Oracle
ASPECTS
THE KITE

This beautiful formation promises high-flying potential - the sky is the limit! It contains energy that is naturally abundant, generous and plentiful as well as very productive.

Kites carry an unselfconscious, free-spirited quality. They offer opportunities to fulfil dreams and visions without losing any of their magical quality. While they do not impose any sense of urgency or pressure, they still manage to provide a definite sense of purpose.

Warning: Although there is really nothing negative to be said about this planetary pattern, it will be easier to manifest its potential if the energy is well grounded and stabilised. The firmer the anchor, the higher the kite can fly!

Astro Oracle
ASPECTS
THE MYSTIC RECTANGLE

This constructive formation creates productive outlets for resources, talents and abilities. It offers opportunities to achieve goals and manifest potential. It provides a sense of being constantly guided and protected.

The Mystic Rectangle is a dynamic pattern without being too pressured or pushy. It contains opposing forces that provide energy and motivation but which do not threaten, limit, stall or restrict positive outcomes.

Warning: It is important not to feel overwhelmed by a sense of destiny that must be fulfilled. There is no pressure to complete a mission or satisfy unseen forces. Just let yourself experience the satisfaction and joy which comes from expressing your natural gifts.

HEAVENLY BODIES
THE SUN, THE MOON, PLANETS,
DWARF PLANETS & ASTEROID
CHIRON

"The universe contains many planets which make it what it is – a unified system. In addition, our bodies contain many organs, and each part is congruent to a planet in our solar system. The universe we see out of our eyes is a mirror of what is within us."

Suzy Kassem

Astro Oracle
HEAVENLY BODIES

THE SUN

You are in a situation which confirms that you are who you were born to be.

Take pride in your individual qualities – they are what make you so special. It is time to take your place in the spotlight so do not be afraid to shine.

You are the only one who can play the role that has been chosen for you and you are exactly right for the part.

YOUR AFFIRMATION

*"I express my Self with confidence
and I fulfil my true potential with
great joy"*

Astro Oracle
HEAVENLY BODIES

THE MOON

You could be dealing with feelings that are difficult to define in logical terms and which might hark back to babyhood or beyond.

Fluctuating moods, impressions and memories may haunt you or submerge you without warning. These emotional energies can be upsetting, especially if you are not sure of their source.

Know that you are safe in the arms of your Eternal Family, who is always there to comfort you and reassure you that all is well.

YOUR AFFIRMATION

*"I am loved, protected and cared for -
always and forever"*

Astro Oracle
HEAVENLY BODIES

PLANET MERCURY

You are learning about your ability to understand, interpret and pass on information.

Pay attention to the language you use when you communicate your thoughts and ideas. Be aware that words can be misleading and hurtful.

Take care to use constructive terms – whether you are speaking to yourself or anyone else.

YOUR AFFIRMATION

"I love to learn and to share what I know. I communicate clearly and kindly"

Astro Oracle
HEAVENLY BODIES

MERCURY RETROGRADE

You may need time to reflect on the data you have been given. It could be that it does not make sense to you yet. Or perhaps you would prefer to create your own interpretation of the information, to make it more meaningful or easier for you to absorb.

Do not worry if you have to re-read subjects you have already studied, or back-track to places you have been before.

You will find something that you missed on your first visit. This re-run will help you to see stuff you did not or could not understand on previous occasions.

Astro Oracle
HEAVENLY BODIES

PLANET VENUS

As you begin to recognise and respect your own talents and abilities it becomes easier to attract partners whose company and qualities enhance your life and enrich your enjoyment of it.

They will reflect your sense of self-worth by offering you esteem, approval and support. Your natural resourcefulness can help you to manifest material wealth and physical comfort.

YOUR AFFIRMATION

"I appreciate and value my talents and abilities. I enjoy sharing them with others"

Astro Oracle
HEAVENLY BODIES

VENUS RETROGRADE

It could be that your life is cluttered up with stuff that does not mean very much to you.

Is it there because you feel it should be, or because someone has suggested you ought to have it. Or perhaps it has been passed onto you by partners who could not be bothered to look after it themselves.

This material is preventing you from enjoying a creative, peaceful, harmonious existence.

The resources you waste on engaging with issues that are of no real interest to you could be yours to spend on the people and pastimes you genuinely care about.

Astro Oracle
HEAVENLY BODIES

PLANET MARS

Once you are sure about what you want, your motivation has a goal to focus on. It becomes much easier to channel your energy and willpower effectively.

Your emotional enthusiasm and your practical skills now have a specific target to work with.

But try not to get impatient if things do not happen as quickly as you hoped they would. Trust that your progress is perfectly aligned with the achievement of your goals.

YOUR AFFIRMATION

*"I know exactly what I want and
how to win it. I take action to achieve
my goals"*

Astro Oracle
HEAVENLY BODIES

MARS RETROGRADE

Does it really matter how many times you do something before you get it right? Of course not. Because every fresh attempt makes you better, stronger, faster and more capable of carrying out the tasks you have set yourself.

All those practice runs result in effort that is focussed and productive, making it easier for you to achieve your goals.

As you get to know your energy and understand how it operates, you are able to apply it more effectively.

Looking back, you will be glad that you were brave enough to keep trying, time after time, until you became as good as you could be at what you wanted to do.

Astro Oracle
HEAVENLY BODIES

DWARF PLANET
CERES

You are in a fertile stage or situation which is inviting you to take a productive role in creating something that you will nourish and protect from start to finish.

Embrace this chance to exercise your ability to conceive and cherish new birth and to defend and protect existing life forms, especially those too young, weak or vulnerable to take care of themselves.

YOUR AFFIRMATION

"I take pleasure and pride in my creative powers and my ability to nurture growth from seed stage to fruition"

Astro Oracle
HEAVENLY BODIES

CERES RETROGRADE

If you are feeling frustrated about projects which do not seem to be bearing fruit, remember that everything grows in its own way and in its own time.

Do not try to force results before they are ready. Relax your guard and enjoy every stage of your productivity process.

Let your creation develop organically, as this fertile form of natural growth will reap the richest, most abundant, harvest.

You have been invited to collaborate with the Cosmos in a life-forming exercise which, if you allow it to, could bring you a strong sense of satisfaction and fulfilment.

Astro Oracle
HEAVENLY BODIES

PLANET JUPITER

You are travelling along a learning curve that will increase your knowledge, wisdom and understanding.

This situation is expanding your horizons, giving you the chance to grow and develop.

It is a new adventure so embrace it with an open mind and a willing heart. It is a treasure trove of experiences that promise to make your life more exciting and abundant.

YOUR AFFIRMATION

"I embrace the opportunities that come to me. I am grateful for the amazing experiences they offer me."

Astro Oracle
HEAVENLY BODIES

JUPITER RETROGRADE

How many times do you catch yourself saying "if only"? But this yearning for something else, something more, something that seems just out of reach is not good for your Soul. It keeps you in a constant state of dissatisfaction with your life.

The time has come to put yourself in a place of positivity and optimism, and of gratitude for all that is wonderful about this earthly experience where every moment is filled with rich potential.

There are endless possibilities open to you. Some of them are difficult and others quite scary. Some have a special quality which will stay with you for ever.

The important thing is that they are all part of the exciting journey only you can take.

Astro Oracle
HEAVENLY BODIES

PLANET SATURN

You could be on the brink of achieving your ambitions but there may be something that is preventing you from gaining your goals.

Whatever it appears to be is actually your doubt and fear manifesting as an obstacle to your progress.

You must work hard to overcome these inhibitions by reassuring yourself that you are absolutely on course for getting to where you want to go. You fully deserve the success that is awaiting you.

YOUR AFFIRMATION

*"I am in the right place at the right time
doing the right thing."*

Astro Oracle
HEAVENLY BODIES

SATURN RETROGRADE

There are times when life seems to punish you, by frustrating your ambitions and rejecting your schemes for success.

It may be that your plans backfire completely, or it could be they encounter difficulties and delays which make them impossible to implement in their current form.

You might be tempted to give up, because the disappointment you feel drains your confidence and fills you with fear of failure. But this test of faith has been sent to strengthen you and to help you iron out any flaws in your proposals.

Take them back to the drawing board and carry out the corrections that will make it possible for you to achieve the goals you are aiming for.

Astro Oracle
HEAVENLY BODIES

ASTEROID CHIRON
the wounded healer

You are going through a therapeutic process, which is helping you to identify and cure any deep-seated wounds within yourself.

This may not be an easy experience, but it is very worthwhile since it can release you from past suffering and set you free from present pain.

It will also help you to support others as they travel the path from hurting to healed, so long as you do not feel overwhelmed by sympathy for their suffering.

YOUR AFFIRMATION

*"I invite, accept and receive healing.
I am healed."*

Astro Oracle
HEAVENLY BODIES

CHIRON RETROGRADE
healing can hurt

You could be wondering why, after all the effort you have put into healing your wounds and treating your injuries, you are still struggling to manage your levels of pain and unhappiness.

Whether your dis-ease is emotional, mental or physical it continues to plague you and prevent you from living life to the full.

While you must not become a victim of your suffering, you will need to experience a certain amount of discomfort, so that you gain insight into the nature and source of your distress.

When you have achieved this understanding, you will be able to find an effective cure.

Astro Oracle
HEAVENLY BODIES

PLANET URANUS

You may be in the middle of something that has brought sudden or unexpected change into your life.

Even though this situation has caused disruption or has upset your hopes for a trouble-free existence, it has come to you in order to free you.

It is possible that you had become stuck in a comfort zone that was boxing you in by limiting your willingness to do things differently. You had folded your wings and forgotten they were there for you to fly with.

YOUR AFFIRMATION

"I am a free spirit evolving in ever increasing consciousness."

Astro Oracle
HEAVENLY BODIES

URANUS RETROGRADE

You finally got yourself comfortably sorted when along comes an unexpected event which shocks and unsettles you.

You had not banked on this wildcard energy turning up to disrupt your life and destroy your equilibrium.

How unfair that your plans should be overturned so suddenly! How could you have prepared for something so unpredictable?

The answer is that you could not, and neither were you meant to. This situation has stormed across your horizon in order to trigger the evolutionary urge which insists that you must keep on moving, onwards and upwards.

Astro Oracle
HEAVENLY BODIES

PLANET NEPTUNE

Dreams and visions filled with magical information speak to you through your imagination. They may not seem tangible to your physical faculties but they are more than real in every other sense.

They provide the inspiration for your life's creative expression. They are the blueprint, or architectural plans for your manifestation projects.

Trust them, believe in them, have faith in them, work with them.

YOUR AFFIRMATION

"I believe in the miracles and magic that make all my dreams come true."

Astro Oracle
HEAVENLY BODIES

NEPTUNE RETROGRADE

If you are drowning in disappointment because you doubt that your dreams will ever be realised, it is time to swim for the shoreline.

You now need to collect material that will help make your vision more substantial and therefore easier to manifest in three dimensional terms.

It is not enough to wish for a nebulous outcome in some far-off fantasy. You have to flesh out the image of what you want to happen in the here and now by adding detail and definition to your dream.

The final & vital magic ingredient is your constant belief that it is going to come true.

Astro Oracle
HEAVENLY BODIES

PLANET PLUTO

It is time for you to own your true identity. You are not a weak victim of circumstance.

You are a strong, courageous Being who is committed to the challenge of living a life of absolute integrity.

You accept that your mortal self can be fallible and cannot always be in control.

You acknowledge that there will be dark days when your humanity feels the full weight of despair.

It is in these times that you turn to the Higher Power of your wise Sacred Self for guidance and confirmation.

YOUR AFFIRMATION

*"I use my power in light and love,
for the highest good of all"*

Astro Oracle
HEAVENLY BODIES

PLUTO RETROGRADE

There will be times when you are strongly tempted by the promise of personal power and glory to lower your moral standards and relinquish your Soul's commitment to expand the energies of light and love.

Although your conscience is warning you not to give in, it can be very hard to resist the urge to appease your vanity and satisfy your human pride.

You are involved in a life and death struggle between your Ego and your Eternal Self.

This temptation is a test of character. Passing it ensures that your Soul Light will shine ever brighter through the dark ages of crime and corruption.

Astro Oracle
HEAVENLY BODIES

DWARF PLANET ERIS
your fighting spirit

You could be in a situation that risks drawing you into conflict. Try to avoid war-like scenarios with antagonistic attitudes on both sides.

Cast yourself in the role of a noble warrior who is well-trained, disciplined, loyal, brave and true.

Your ability to remain feisty yet fair will diffuse any aggression in the air. You can stand up for yourself without having to destroy your opponents.

YOUR AFFIRMATION

"I assert myself with courage and conviction and with respect for those who resist me"

Astro Oracle
HEAVENLY BODIES

ERIS RETROGRADE
battle lines re-drawn

You are beginning to realise that you are fighting a losing battle. The energy you are pushing into getting angry and aggressive is not being used correctly or constructively.

The constant urge to argue and squabble is forcing you to fall back on primitive forms of behaviour which no longer serve your best interests.

The time has come to relinquish the need to defeat your apparent opponents and declare yourself victorious.

The war you really need to wage is against the true enemy, the Earthly Ego that plagues you from within.

HEAVENLY BODIES
NEW & FULL MOONS
NORTH & SOUTH NODES

"Dare to dream! ...

*What you believe to be possible will
always come to pass - to the extent
that you deem it possible. It really is
as simple as that."*

Anthon St. Maarten

Astro Oracle
HEAVENLY BODIES

NEW MOON
New You

The New Moon marks the start of a new cycle, symbolising new beginnings and new growth. It compares to the first moment when a seed germinates, or an egg is fertilised.

These events – like the New Moon – are hidden from view. They take place in darkness, deep in your Soul.

You are in that miraculous moment outside your conscious control when you welcome the new life form that is waiting to be born.

This is a natural and organic process which will unfold in its own time. You must trust that everything will happen just as it is supposed to.

Astro Oracle
HEAVENLY BODIES

FULL MOON
time of fruition

When the Moon is full there is a sense of something which has been growing or forming over a period of time finally reaching a conclusion or coming to fruition.

It could be that a project has been realised, or that a plan is now ready to manifest in a material form. The preparation you have contributed is about to culminate in tangible terms.

It may also be that something which was previously unseen or unacknowledged has come to your notice and is now ready to be recognised and realised.

You have not been aware of it before now because its energy was operating at a sub-conscious level.

Astro Oracle
HEAVENLY BODIES

THE NORTH NODE
your life path
where you are going to

You are moving towards the next level of experience on your Soul Plan journey.

You are developing new aspects of yourself and learning to deal with life from a fresh perspective.

You are freeing yourself from the old habits and established behaviour patterns that are holding you back from reaching the next stage of your evolutionary adventure here on Planet Earth.

YOUR AFFIRMATION

*"I am travelling along my life path
towards my destiny, fulfilling my destiny
and embracing my ability to evolve"*

Astro Oracle
HEAVENLY BODIES

THE SOUTH NODE
your life path
where you are coming from

You are in the process of integrating the wisdom you bring from other existences in various dimensions and realms of consciousness, by weaving it into your current life experience.

Behaviour patterns developed in former lifetimes or passed down to you from previous generations in your gene pool have become your default position.

Perhaps they served you well in the past but now they are holding you back by making you act in ways which work against your best interests.

YOUR AFFIRMATION

"I release myself from all impressions, memories and experiences from the past that no longer serve my best interests"

HEADINGS FOR ASTRO ORACLE READINGS

You can use the headings below to give definition to your reading. It is best to stick to one card for each of the headings in a single spread, but you can ask for as many "Advice" and "Clarification" cards as you like.

CARD 1 – your present situation, where you are now

CARD 2 – what is working for and/or against you

CARD 3 – the basis of your situation (underlying energies)

CARD 4 – your goals & aspirations, your Life Path direction

CARD 5 – passing influences, what lies behind you

CARD 6 – incoming influences, what lies ahead of you

If you have purchased a hard copy of the deck you will also be able to create a horoscope layout, by selecting the 12 Horoscope House cards from your deck and using them as your headings.

The 12 HOROSCOPE HOUSES represent key areas of earthly life. In the Astro Oracle Deck these cards provide information and confirmation on the background and context for your reading.

They also point to the sectors of your life where your attention and energy need to be directed or could be channelled more effectively.
